

# G-3601 6.5 Inch 30W Outdoor Weatherproof Aluminum Garden Speaker

**Product ID:** G-3601

## Short Description

Rated power: 30W

Line input: 100V

Aluminum alloy material

Outdoor IPX6 weatherproof

## Description

The **G-3601 Outdoor Garden Speaker** is a high-performance 100V/70V line PA speaker designed for background music and public address applications in outdoor environments. Built with a durable full aluminum alloy housing, it delivers reliable sound projection in gardens, parks, resorts, commercial landscapes, and outdoor hospitality areas.

Engineered for all-weather operation, this speaker combines strong acoustic performance with robust mechanical protection, ensuring long-term stability even under challenging environmental conditions.

With a dual-driver configuration (6.5" LF + 3" HF), the G-3601 provides clear midrange, solid low-frequency response, and enhanced vocal intelligibility—making it ideal for both music playback and voice announcements.

## Key Features

- 100V/70V line compatible for long-distance PA system installation
- Durable full aluminum alloy enclosure for outdoor all-weather use
- Dual-driver design (6.5" woofer + 3" tweeter) for clear, balanced sound
- Ideal for gardens, parks, resorts, hotels, and commercial outdoor spaces

## Applications

- Garden & landscape sound systems
- Theme parks and outdoor attractions
- Hotels, resorts, and villas
- Commercial plazas and shopping complexes
- Public address and background music systems

## Specification

Model	G-3601
