

# M-6311POE 15W POE IP Network Ceiling Speaker

**Product ID:** M-6311POE

## Short Description

POE supportable speaker  
Built-in 15W digital amplifier  
With MP3 decoding play

## Description

Support any audio sources play from the system center host machine;  
With MP3 decoding play function.

- ? 100/10Mbps, TCP/IP network transmission protocol adaptive
- ? Built-in 15W high efficiency digital amplifier with low power-consuming
- ? Built-in 15W 4? Hi-Fi speakers with high output sensitivity
- ? Output volume and display status can be controlled by system host

## Specification

| Model     |                    | M-6311POE  |
|-----------|--------------------|------------|
| AUX Input | Input sensitivity  | 300mV      |
|           | Frequency response | 20Hz-20kHz |
|           | Distortion         | ?0.3%      |

|                      |                    |                                                      |
|----------------------|--------------------|------------------------------------------------------|
|                      | S/N                | ?75dB                                                |
| MIC Input            | Output sensitivity | 4mV                                                  |
|                      | Frequency response | 25Hz-16kHz                                           |
|                      | Distortion         | ?0.5%                                                |
|                      | S/N                | ?70dB                                                |
| AUX Output           | Rated output       | 1000mV                                               |
|                      | Frequency response | 25Hz-18kHz                                           |
|                      | Distortion         | ?0.5%                                                |
|                      | S/N                | ?75dB                                                |
| USB/SD/Net/MP3       | Frequency response | 20Hz-20kHz                                           |
|                      | Distortion         | ?0.5%                                                |
|                      | S/N                | ?70dB                                                |
| SD card storage      |                    | 32GB                                                 |
| U disk storage       |                    | 32GB                                                 |
| Rated power          |                    | 15W                                                  |
| Power Supply         |                    | 48V POE, IEEE802.3at<br>standard<br>180-250V/50-60Hz |
| Product weight (Kg)  |                    | 1.5                                                  |
| Dimension (LxWxH mm) |                    | 250x175x255                                          |
