

CS-340/CS-340T 3 Inch 130W Outdoor ABS Column Speaker

Product ID: CS-340/CS-340T

Short Description

Rated power: 130W

Max power: 260W

Input: 8 Ω (CS-340), 100V (CS-340T)

4*3" woofer + 1*1" Neodymium tweeter

IP44 waterproof

Description

Introducing our premium ABS IP44 outdoor waterproof column speaker: CS-340 (8 Ω) /CS-340T (70V/100V), engineered to deliver outstanding sound quality in any environment. Designed to withstand the elements, this speaker boasts an IP44 rating, ensuring reliable performance even in challenging outdoor conditions.

High Strength **ABS** Engineering Plastic Enclosure

Aluminum grille, IP44 Waterproof

Suitable for indoor and outdoor usage

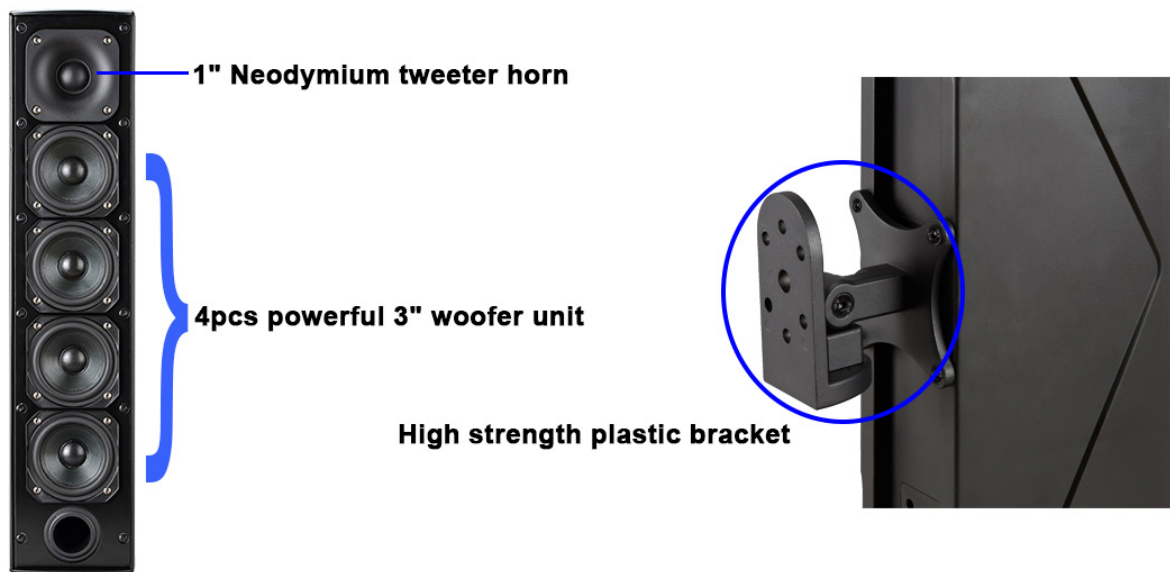

CS-340 (130W @ 8Ω)

CS-340T (130W @ 70V/100V)

CS-340A (130W @ Active speaker)

Equipped with 4pcs powerful 3" bass drivers, our speaker delivers deep, rich bass tones, while its wide mid-frequency band ensures clear and balanced sound reproduction across a range of frequencies. Additionally, featuring a 1" Neodymium tweeter horn, our speaker delivers crisp and detailed high frequencies, enhancing the overall audio experience.

With an impressive 130W RMS power rating and a maximum power handling of 260W, our speaker delivers robust and dynamic sound performance, making it ideal for a wide range of applications. Versatility is key with our speaker, available in both 70V/100V input versions and an 8Ω input version, catering to a variety of audio setups and preferences.

Elevate your audio setup with our ABS IP44 waterproof column speaker, where exceptional sound quality meets durability and versatility.

Specification

Model	CS-340	CS-340T
Rated power	130W	130W
Max power	260W	260W
Line input	8?	100V
Frequency response	45Hz-20KHz	
Sensitivity	118dB	
Max SPL	121dB	
Speaker driver	4*3" woofer 1*1" Neodymium tweeter	
Body material	ABS	
Waterproof level	IP44	
Product dimension (WxDxH)	105x145x495mm	
Net weight	4.2Kg	5.8Kg
