

# G-S603 6.5" 30W 2-Way Outdoor Waterproof Garden Landscape Imitate Rock Speaker

**Product ID:** G-S603

## **Short Description**

Rated power: 30W

Line input: 100V

6.5" 2-way coaxial speaker unit

Resin material, IP66 waterproof

## **Description**

Introducing our fashion outdoor IP66 waterproof landscape garden imitate rock speaker, the perfect harmony of aesthetics and functionality for your outdoor audio needs. Crafted with a 6.5" 2-way coaxial speaker unit, this speaker delivers crystal-clear sound with impeccable clarity, ensuring an immersive listening experience.

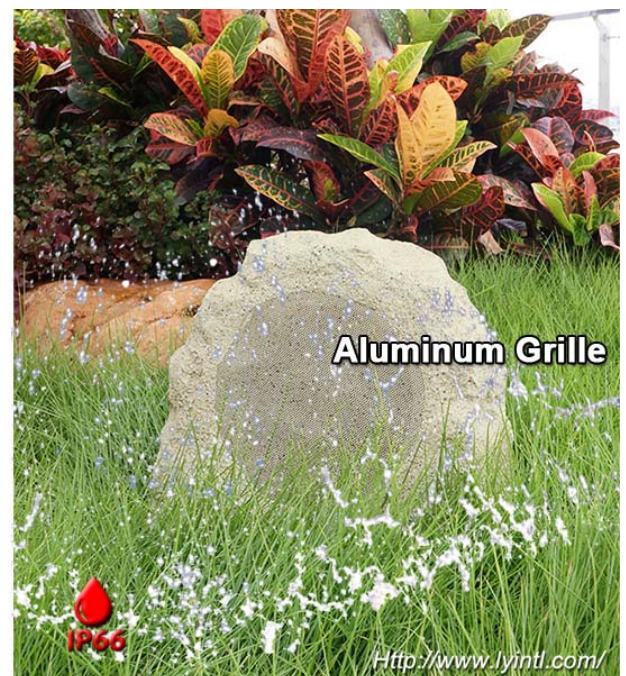

Designed to seamlessly blend into your garden landscape, this speaker boasts a realistic rock imitation that adds a touch of natural beauty to your outdoor space. Constructed with durable glass fiber material, it withstands the elements with ease, making it suitable for grassland usage and ensuring longevity even in harsh weather conditions.

Equipped with an Aluminum grille, not only does this speaker offer superior protection against outdoor elements with excellent waterproof and anti-rust technology, but it also enhances the overall aesthetic appeal. Whether you're hosting a backyard barbecue, enjoying a quiet evening under the stars, or simply landscaping your garden, this speaker is the ideal companion for bringing your favorite tunes to life outdoors.

With its IP66 waterproof rating, you can rest assured that your music will continue to play, rain or shine, without compromising on quality.

Transform your outdoor space into a haven of relaxation and entertainment with the outdoor IP66 waterproof landscape garden imitate rock speaker.
