

DA-1060/DA-1120/DA-1240/DA-1360/DA-1480/ DA-1660 1U Single Channel Class D Digital Amplifier Combined with MP3/Bluetooth Player

Product ID:
DA-1060/DA-1120/DA-1240/DA-1480

Short Description

Rated output power: 60W / 120W / 240W / 360W / 480W / 660W

Combined with MP3/Bluetooth player

Single channel Class-D digital amplifier

1 U slim design

Description

Elevate Your Audio Experience with our Cutting-Edge Amplification Technology

Introducing the DA-1060/DA-1120/DA-1240/DA-1360/DA-1480/DA-1660 series, the ultimate 1U single channel Class D digital amplifiers combined with USB MP3/Bluetooth player. Available in 60W (DA-1060), 120W (DA-1120), 240W (DA-1240), 480W (DA-1480) and 660W (DA-1660) rated power options, these

amplifiers are designed to meet all your audio amplification needs with superior performance and versatility.

Key Features:

- **Premium Build Quality:**

Featuring a high-quality black aluminum alloy panel, the DA series amplifiers offer a sleek and durable design that complements any setup.

- **Enhanced User Interface:**

Equipped with silicone touch buttons that are soft, durable, and comfortable to the touch, these amplifiers ensure a superior user experience.

- **Efficient Amplification:**

The Class D amplifier circuit is engineered for low heat generation and high efficiency, delivering powerful and reliable audio output.

- **Dual Prompt Sounds:**

Choose between two button prompt sounds—bell and alarm—for customized notifications.

- **Versatile Signal Inputs:**

With five-way signal input options (2 lines and 3 microphones), the DA series amplifiers provide flexible connectivity for various audio sources.

- **Advanced Playback Features:**

Enjoy seamless audio playback with Bluetooth, USB, and automatic power-on playback functions.

- **Clear Display:**

A 1.4-inch dot matrix LCD display provides clear and concise information, enhancing usability.

- **Remote Control:**

Optional infrared remote control functionality allows for convenient operation from a distance.

- **Independent Controls:**

Adjust the volume, treble, and bass independently for each channel to achieve the perfect audio balance.

- **Reliable Power Supply:**

The high-performance switching power supply circuit ensures low heat generation and high efficiency, compatible with AC100V-AC240V power supply modes, making it suitable for use worldwide.

- **Comprehensive Protection:**

Built-in protections include output short circuit protection, DC protection, and high-temperature protection, ensuring the longevity and safety of the amplifier.

Upgrade your audio system with the DA-1060/DA-1120/DA-1240/DA-1360/DA-1480/DA-1660 series amplifiers, where superior design meets unparalleled functionality. Perfect for professional audio setups, these amplifiers deliver exceptional sound quality and reliability. Experience the difference today!

Specification

Model	DA-1060	DA-1120	DA-1240	DA-1360	DA-1480	DA-1660
Rated power	60W	120W	240W	360W	480W	660W
Channel	1 Channel					
Line output	70V/100V/4-16?					
Input sensitivity	MIC1/MIC2/MIC3: 600 Ohms(?) 10mv, balanced/unbalanced LINE: 10k Ohms(?) 300mv, unbalanced					
Output sensitivity	0.775V (0 dB)					
Frequency	60Hz~15kHz (±3dB)					

response						
T.H.D.	<0.5% at 1kHz,1/3 rated power					
S/N	MIC: >65dB Line: >80dB					
Tone adjustment	BASS: 100Hz (±10dB) TREBLE: 10kHz (±10dB)					
Power consumption	90W	180W	360W	540W	720W	990W
Power supply	AC100V~AC240V±10% 50-60Hz					
Net weight	2.4kg	2.6kg	3.5kg	3.7kg	3.9kg	4.3kg
Gross weight	3.0kg	3.2kg	4.1kg	4.3kg	4.5kg	4.9kg
Product dimension	480 x 200 x 45mm		480 x 280 x 45mm			
Packing dimension	522 x 284 x 72mm		515 x 380 x 100mm
