

# PM-1715T Intelligent Program Timing Player

**Product ID:** PM-1715T

## Short Description

Build-in MP3 player with USB/SD interface

8 set timing program per week

1 set of timing program per day

## Description

? 4.3" TFT touch screen display working status, easy operating

? Build-in MP3 player, can play audio source from USB / SD interface

? MP3 files from SD card can be programmed into pre-set timing program

? Can setup 8 set timing program per week, 1 set of timing program per day, 100 time point per set program

? Timing programs can be copied from PC to SD card or from SD card to PC for backup

? Two monitoring output, LED display output level

? One shortcircuit signal output interface

## Specification

Model	PM-1715T
Screen	4.3" TFT touch screen

Audio output	1000mV (±50mV)
Earphone output	1000mV (±50mV)
Timing power output	220V, 50Hz, max 2000W
Max output noise output voltage	≤0.05mV
Timing program	8 set per week 1 set per day 100 timing points per set
Time system	24-hour system
Protection	One F 1A AC fuse
Operating power supply	AC 220-240V/50-60Hz
Product size (mm)	(L×W×H) 484x365x88
Net weight (Kg)	7.2
Outer packing size (mm)	(L×W×H) 530×440×195
Gross weight (Kg)	9.0
