

HS-6813 6 Zone Multi-room Music System

Product ID: HS-6813

Short Description

Build-in MP3/digital tuner
Support external audio input
6 independent stereo audio output

Description

? Built-in MP3 player, FM & AM digital tuner

? Support external USB port MP3 programme input (flash disk, portable hddisk, MP3 player)

? With DVD, PC, TV, AUX audio input interface, MP3 and radio audio outputs; all connections through RCA sockets

? 6 independent stereo audio output channels connected to 6 zones; independent volume / tone control; optional audio sources input for each zone

? Console panel control and remote control available

? Timing control is available for 2 built-in audio sources and 4 external audio sources, up to 100 timing points can be programmed each day, and 7 days per week

? 1 channel timing control power output (220V) is available for external audio source

Specification

| Item | Specification |
|-------------------------------------|---|
| Zone Quantity | 6 zones, 2 channels and a amplifier for each zone |
| Zone Remote Communication Interface | RS-485, CAT-5 for wiring |
| Input Sensitivity | 250mV±25mV |
| Input Resistance | >10k? |
| Zone Output Power | 20W/4? |
| Frequency Response | 20Hz-20kHz?±0.5dB? |
| T.H.D | <0.2%, 1/3 rated output power at 1kHz |
| Output Regulation | |
| Tone Control | Treble: ±10dB/10kHz |
| | Bass: ±10dB/100Hz |
| S/N | >76dB |
| Power Supply | AC220V/50-60Hz |
| Power Consumption | <200W |
| Fuse | AC220V/F2A |
| Dimensions | 485×88×345mm |
| Net Weight | 10kg |
| Dielectric Strength Test | 3500V between each pole of the power supply and housing/input/output terminal |
