HS-8318 8 Zone Multi-room Music System

Product ID: HS-8318

Short Description
Build-in MP3 player and timing play
8 independent stereo output
Support music airplay & Network radio

Description

This system is integrated with MP3 player, network music play, network radio, partition output, timer and mixer amplifier, etc,.

? Unique appearance design,TFT HD color touch screen

? With 1 DVD stereo audio input

? 2 AUX input and 3 Network module

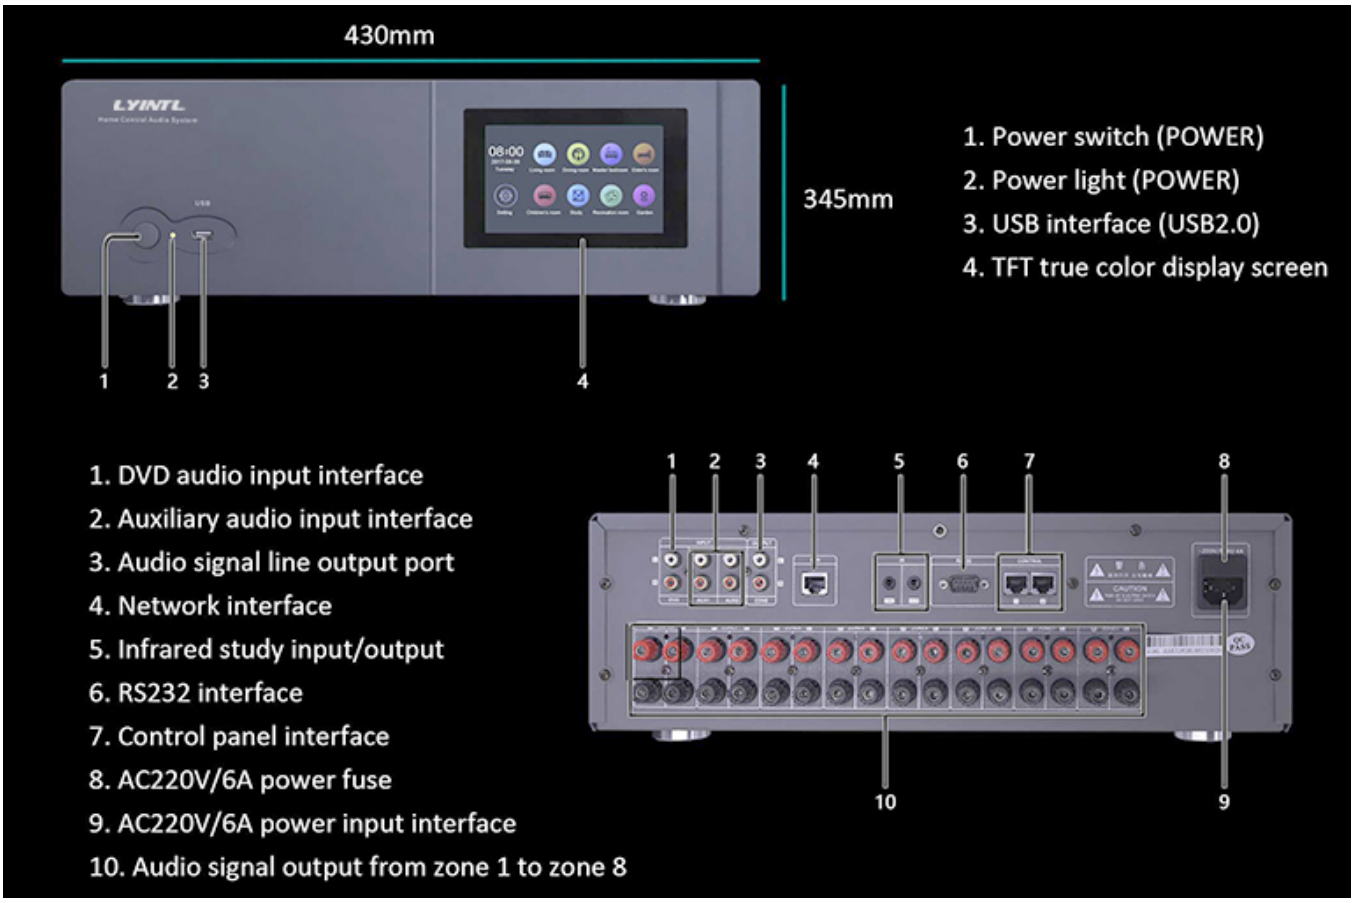

? 8 zones stereo output, support multiple room music sharing

? Rated output power:
Zone No.1: 2x60W
Zone No.2-No.8: 2x30W

? Music format support: MP3, WMA, APE, FLAC, WAV, etc.

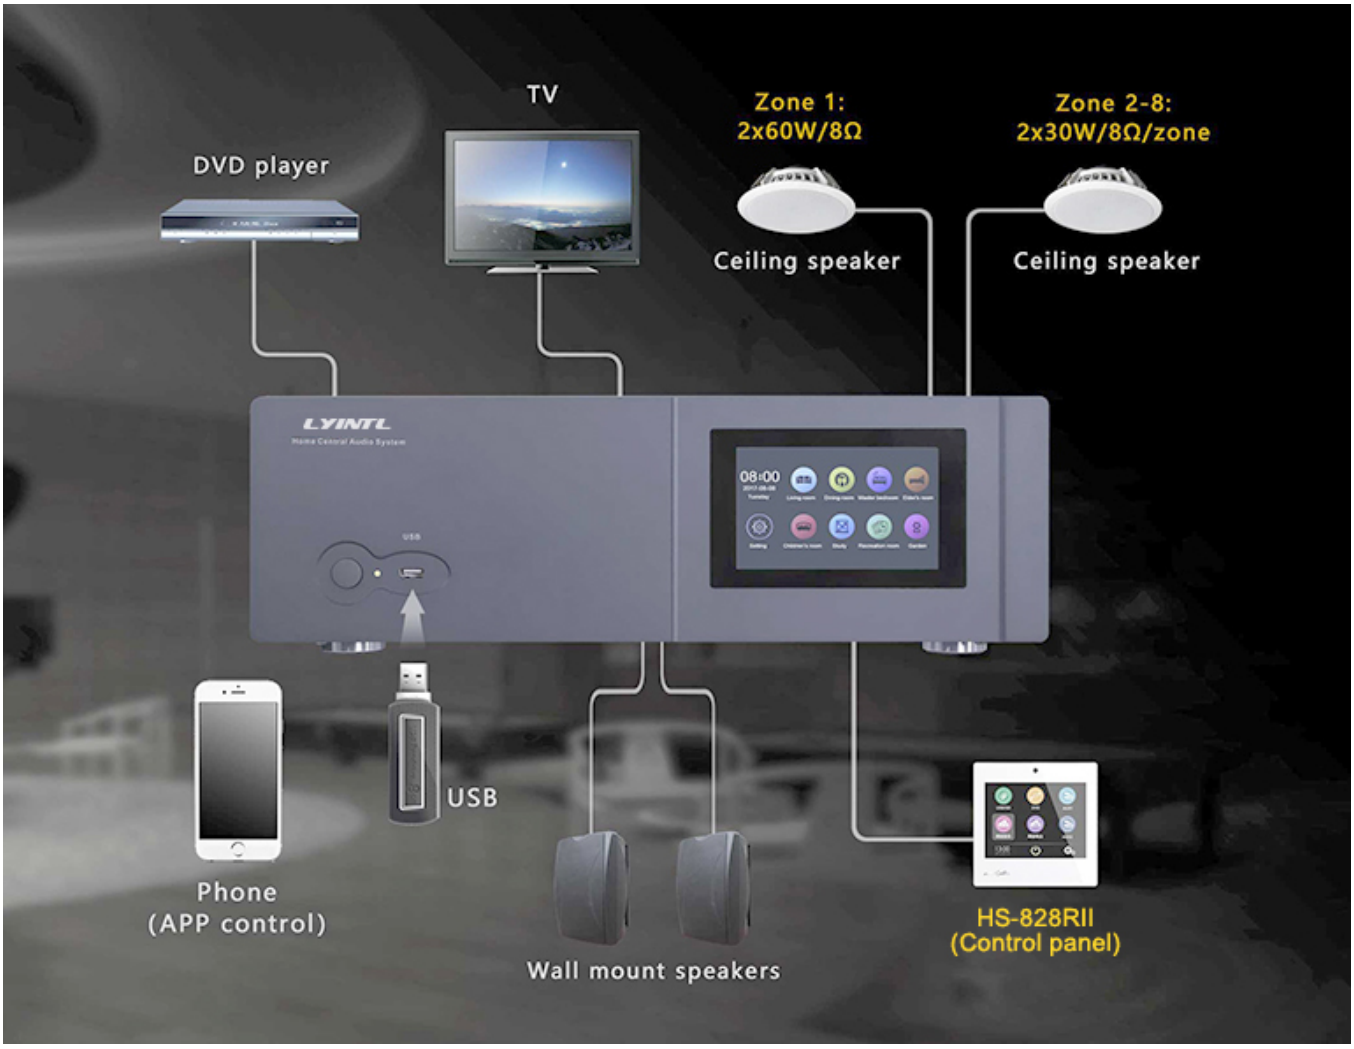

? Support music airplay & Network radio

? Network module: when the central host is connected with to the LAN or WLAN, it allows smart phones play the music from the third music player

1. Power switch (POWER)
2. Power light (POWER)
3. USB interface (USB2.0)
4. TFT true color display screen

1. DVD audio input interface
2. Auxiliary audio input interface
3. Audio signal line output port
4. Network interface
5. Infrared study input/output
6. RS232 interface
7. Control panel interface
8. AC220V/6A power fuse
9. AC220V/6A power input interface
10. Audio signal output from zone 1 to zone 8

Specfication

Item		Index
Zone number		8 zones
Audio index	Line input sensitivity	520mV(±50mV)
	Line input resistance	>10k?
	Rated power	Zone No.1,2×60W/8?
		Zone No.2-No.8?14×30W/8?
	Frequency response	20Hz-20kHz(±0.5dB)
	THD	<0.3% (f=1KHz?1/3 Rated output power)
	SNR	>81dB
	Aux output	Stereo output?520mV(±50mV)
Output protection		Output short circuit,overload,DC protection
Power		AC220-240V/50-60Hz
Rated power		500W
Power protection		AC220V/F6A
Packing size (mm)		(L×W×H) 540×540×230
Size (mm)		(L×W×H)430×345×132
G/W		19kg
N/W		14.6kg
