? Count results automatically within 1 second after ballot

? Support IC card sign in, key press sign in

? The processor can communicate with the equipment by RS232 interface

Specification

Item	Parameter
Power Supply	AC110V~240V/50Hz~60Hz
Consumption Rating	100W
Control Type	RS232
Color	Black
System Connection	8-PIN DINx4
Data Communication	RJ45x2
Dimension (mm)	480x240x45
Installation	19 Inch frame
Net Weight (Kg)	2.7
