

H-820E VHF Wireless Meeting Microphone

Product ID: H-820E

Short Description

Frequency range: 160-270MHz

1 receiver & 2 transmitter

Description

? System include 1 receiver and 2 transmitter microphone

? Can be integrated to any meeting rooms without any additional wiring

? Simple operation, ideal choice for mobile conference system

Specification

Carrier Frequency Range	VHF 160MHz-270MHz
Max Deviation Compressor	± 25 KHz
Modulation	FM
S/N Ratio	>90dB
T.H.D	<1%
Frequency Stability	20ppm
Frequency Response	60Hz-16KHz

Current Consumption	130mA
Power Supply	12V
Power Consumption	<3W
AF Output	400mV
Conpander	Y
Product Dimension (mm)	420x220x44
Net Weight (Kg)	2.1
